Revised 9/2019
1. See General Rules applying to all 4-H exhibitors and 4-H exhibits other than livestock listed previously in this catalog.

2. Each county may have 1 entry per class. An exhibitor may enter only one class in Entomology and no more than two entries in Honey (one extracted, one chunk).

   a. 9" x 13" folding cardboard insect-collection boxes available through UK College of Agriculture, Department of Entomology, should be used. Homemade or purchased wooden exhibit boxes may be used instead. They must be approximately 18" x 24" and not more than 3 1/2" thick with Plexiglas or glass covers and cellotex pinning bottoms (or plastazote or polyethylene pinning bottoms available from entomology supply stores such as Bioquip.com). Boxes must be easily opened (for instance; if a screw is used to secure Plexiglas tops, use a thumbscrew fastener instead of a fastener that requires a tool).
   b. Specimens are to be arranged so the box can be exhibited horizontally. 4-H'ers may attach wires to the back of wooden boxes to help make them easier to display.
   c. Identification labels available from your County Extension Office must be used, or custom labels may be printed if they conform exactly to the font, font size, and font color of the official labels. Labels should be printed onto white cardstock. The exhibit identification card should be placed on the front of the box (each box). Instructions for pinning and labeling are included in your project literature.
   d. One half of the specimens may be from the previous year's collection or from anywhere in the United States; one half or more must be Kentucky insects collected since the last Kentucky State Fair. No insects that were originally collected from countries outside of the United States will be judged.
   e. For the first through fifth year projects, a display collection catalog must be in an envelope attached to the back of the display box. Envelopes should be attached to permit their being opened easily to remove catalogue from them without moving the exhibit.
   f. Most specimens in the display cases should be pinned, and the use of vials is discouraged. If vials are used, they may account for no more than 2% of a collection. Vials must be securely wired or pinned to the pinning bottoms.

4. Entomology exhibits are judged on the following categories: Orders, Species, Common Names, Labels, Condition of Specimens, Overall Appearance, Life Cycle Representation, Catalog of Specimens. Check with county 4-H Agent for point distribution on score sheet.

5. Exhibits will be penalized if they do not:
   a. Use insect pins for pinning insects.
   b. Use the 4-H Entomology identification labels.
   c. Use display boxes that are not the official 9" x 13" cardboard boxes acquired through the Dept. of Entomology, or wooden boxes that are approximately 18" x 24" x 3 1/2".

A Grand Champion and Reserve Champion will be selected for the Entomology Division and also for the Honey Division.
Project entry must meet all the requirements for the class; otherwise, the entry may be disqualified. County agents should make sure that 4-H collections meet these requirements.

1. See General Rules applying to all 4-H exhibitors and general rules applying to all exhibits other than livestock listed previously in this catalog.

2. Only one entry per 4-H member permitted in Geology.

3. Only one entry per county per project year.

4. 4LO-11S0 Identification Card should be securely attached to the lower right hand corner of the front of the box.

5. To fit into the State Fair display shelves, display boxes must be no less than 14 inches and no more than 17 inches vertically and no less than 16 inches and no more than 24 inches horizontally. The depth of the display boxes should be no more than 4 inches. NOTE: The size of the display box has changed from previous years. If you are using an old display box for your collection, note that the display will not be disqualified for 2020 but points may be deducted.

6. All boxes must have Plexiglas cover that can be easily removed for judging.

7. Each exhibit must be secured with a lock. Attach a key to the box with your name and county firmly attached to key. Key will be returned to 4-H agent. Keep another key in case State Fair key is misplaced.

8. Hinges and locks must be flush and mounted on sides or top of boxes so boxes will sit level.

9. If fabric is used, use a fabric glue to adhere entire piece of fabric to box. Suggested fabrics are felt or velveteen.

10. Rocks, minerals, and fossils should be firmly attached to the box. See Rule 12 for label information.

11. Boxes will be displayed on their side, not flat. Therefore, larger specimens must be attached near the lower portion of the box.

12. Rock, Mineral, and Fossil Identification Labels are available from the County Extension Agent for 4-H or 4-H the Kentucky Geological Survey (KGS) website (http://www.uky.edu/KGS/education/4H.htm). These are the only labels acceptable.
13. Specimens that are polished may lose points.

14. Exhibits may be disqualified for class champion if:
   
   a. Box does not fit in the size stated in rule 5
   b. Box contains too few or too many specimens
   c. Box does not have a Plexiglas cover that can be opened
   d. Labels are not correctly filled out (see instructions and examples at the KGS website http://www.uky.edu/KGS/education/4H.htm).
   e. Specimen is mounted jewelry
   f. The specimen is not clearly numbered on the label (the judge is unable to determine which specimen goes with which label).
   g. Specimens are not arranged in numerical order
   h. Duplicate specimens are used to reach minimum number. However, varieties of the same rock or mineral are acceptable if the specimen is identified by a different name (i.e., quartz, smoky quartz, amethyst, agate, chert, flint or calcite, Iceland spar, aragonite, travertine). Also acceptable if the duplicate specimen has an adjective in front of the specimen (i.e., calcite, red calcite, or limestone, fossiliferous limestone, oolitic limestone). If each entry in that class has duplicate named specimens, then each entry may qualify for class champion, but will not be eligible for grand champion.

14. The following score card will be used to judge geology exhibits:

   a. Correct identification and labeling - 5 points for each specimen (Collections will be judged more favorably that have different types of specimens, rather than many different varieties of the same rock, mineral, or fossil; i.e., gray limestone, light gray limestone, dark gray limestone, or red calcite, blue calcite, green calcite).
   b. Cards/specimen: 1 point each that each specimen has the label completely filled out, along with specimen number.
   c. Found on site: Since this is an exercise in becoming familiar with rocks, minerals, and fossils, an extra 1 point will be given for specimens that are found rather than purchased or given as gifts. (Be sure to ask permission if you have to enter private property. The Internet is a good place to search for rock clubs and geological surveys of your and other states for information on collecting localities.)
   d. Neatness, arrangements, background - 20 points for total exhibit

15. Class champion will be selected in each class with a Grand Champion and Reserve Grand Champion selected from Class Champions.

16. 4-H’ers entering fifth year and up cannot enter the same exhibit that has been judged in any previous State Fair.

Class information is provided on next page.
Classes Are:

For each of the classes, specimens may consist of rocks, minerals, and/or fossils. There is a separate label for rocks, minerals, and/or fossils (three different labels). Label and label instructions are available at the Kentucky Geological Survey website at http://www.uky.edu/KGS/education/4H.htm.

715 First year geology - consisting of 15 different specimens.

**Heritage Arts**

According to various sources, heritage can refer to practices or characteristics that are passed down through the years, from one generation to the next. Kentucky 4-H believes in celebrating one’s heritage through recognition of art that may be representative of one’s culture. Examples may be baskets, brooms, etc. To successfully enter Heritage Arts the 4-H’er must create the Heritage Art piece after State Fair of the previous year, complete the following description and visibly attach it to the piece.

HORTICULTURAL PHOTOGRAPHY EXHIBITIONS

Horticulture is the science, art, technology and business concerned with intensively cultivated plants that are used by people for food, for medicinal purposes, and for aesthetic gratification.

Horticulture is divided into two categories:

The cultivation of plants for food (pomology and olericulture):
- Pomology deals with fruit and nut crops. (not included in photography classes)
- Olericulture deals with herbaceous plants for the kitchen, including, for example, carrots (edible root), asparagus (edible stem), lettuce (edible leaf), cauliflower (edible flower), tomatoes (edible fruit), and peas (edible seed). (included in photography classes)

Plants for ornament (floriculture and landscape horticulture).
- Floriculture deals with the production of flowers and ornamental plants; generally, cut flowers, pot plants, and greenery. (included in photography classes)
- Landscape horticulture is a broad category that includes plants for the landscape, including lawn turf, but particularly nursery crops such as shrubs, trees, and climbers. (not included in photography classes)

For the purposes of the Kentucky 4-H Horticulture Photography Contest, only photographs representing the areas of Olericulture and Floriculture will be accepted.

It is the responsibility of the individual to submit all required entry forms and follow all rules set out by NJHA organization to participate. States are not limited in the number of entries. The wood object may be made by the member, made by someone else, purchased or found. Items that are stained or finished with paint do not fit in this class.
